A true, happy lass  
On a sunshiny way.

ARKIN, MARTHA

French Club, Social Science, Jr.-Sr. Girl Reserves, J. Y. L., H. H.

"Anyone would walk a mile for Bess's bright and sunny smile." These words have fallen from the lips of more than one of Harrison's Romeos.

BALCHUMAS, ALPHONSE

Soccer '29, Wrestling '29, Ice Skating '28, '29, H. H.

You won't need an introduction to Mr. Banks, the manager of Harrison's City Championship Soccer Team. A lover of women? And how!

He achieved his fame.  
He leaves a great record  
As reward of his aim.

Honor Society, History, Social Science,  
J. Y. L., H. H.

She is a girl of few words and many  
thoughts, completing her course in three  
and one-half years.

sentatives, History, Jr.-Sr., Jr. Girl Re-  
serves, J. Y. L., G. M. T. C. '26, H. H.

will certainly be a success.

Social Science Club, Jr.-Sr. Girls, French  
Club, H. H.

BARTUSEK, JOSEPH F.

As busy as a bee  
Describes Joseph to a "T".  
He always does his work;  
Not once does he shirk.  
Radio Club, H. H.

BASKIN, EVELYN

Look, who is here? Another fair ad-  
mirer of "Big Boy" Smith. No wonder  
his classes are so full. Why is it that all  
the girls want to take the beloved subject  
of civics in his class?

French Club, Jr.-Sr. Girls, Social Sci-  
ence, J. Y. L., H. H.

BASKIN, ROSE

Have you ever seen Rose without Lucy?  
No? Well, you never will, because it's

History Club, Social Science, H. H.

BENCO, VLASTA V.

A "dandy" friend is Vlasta,

An artist, too, is she.

An honor student to top it,

And a popular lass?—Ask me.

Accounting Club, Social Science, Jr.-Sr. Girls, H. H.

BERESKIN, PEARL

Precious indeed is Pearl.

Clever and loving, you see,  
Describe her to a "T".

She's the Per of Ruperi.

French Club, History, G. A. A., J. Y. L., Sales, Senior Honor Society, H. H.

BERGER, DAVID

You can't keep a good man down, and that's why Dave is swimming on top. Dave is one of the big reasons why Harrison had a championship debating team.

History Club, House of Representatives, Honor, J. Y. L., Presidents' Round Table, Debating Team, '28, '29, H. H.

BERGMAN, JEROME

He is reserved, serenely quiet and demure, but of his sterling worth we are quite sure. Jerry is a friend true as steel. And the "goils" just adore him.

Accounting Club, Spanish, Sales, J. Y. L., H. H.

BERGMAN, SAM

A handsome fellow

Of the racketeer type

Is this guy Bergman,

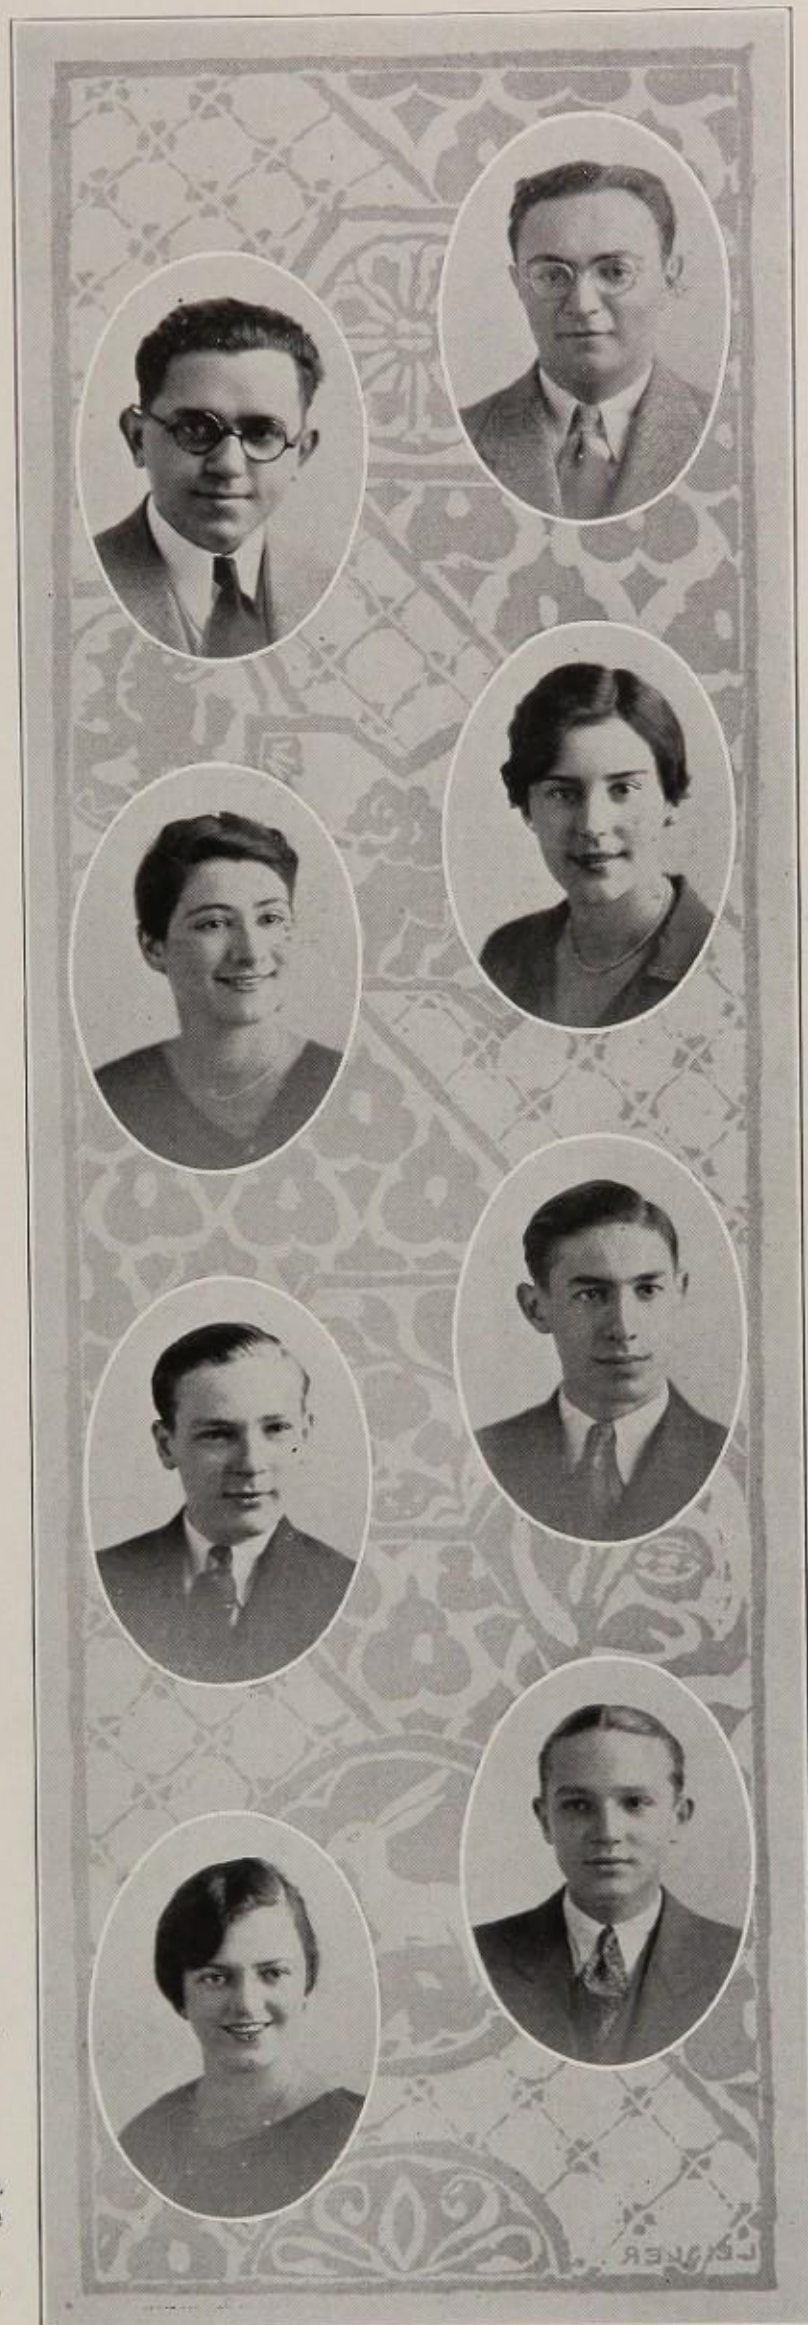

Whom all the "flappers" like.

Latin Club, Social Science, Economics, History, H. H.

BLECHTA, ROSE

Rose is part of the Blechta-Battista duet. Music occupies most of the time she does not use otherwise.

Spanish Club, Glee, Roman Senate, MacDowell, Cecilian Choir, H. H.

**BLITSTEIN, MORTON A.**

This "kid," Morton, is very small but—give Blitz time, for Rome wasn't built in a day. The Wrestling squad will miss this bonecrusher when he goes.

Sales Club, H, Wrestling '29, Accounting, Economics, History, Social Science, J. Y. L., Latin, H. H.

**BOLOTIN, SYLVIA**

Sylvia is one of those girls seldom found outside of fiction—a girl who, it appears, never loses her temper. Naturally, then, she is in great demand as a friend.

Sacajawea Hiking Club, Accounting, J. Y. L., Junior Honor, H. H.

**BRANDT, SAM**

Besides being a wonderful trackster, Sammie has been a true, loyal Harrisonite. If you need some "dope" in track, page Sammie.

**CHERTKOW, RUTH**

She's the Ru of Ruperi.

Great mind, great heart in her vie.

Friends will breathe full many a sigh

When her departure draws nigh.

History Club, Sr. Honor Society, G. A. A., Sales, French, J. Y. L., H. H.

**CIHON, JOHN**

B-r-r-r, it's cold! Not to John, for he's Harrison's champion ice-skater and trackster. Besides being an athlete, he has the wonderful gift of a winning personality.

Biology Club, Skating team '27, '28, Track '27, H. H.

**CLAMOR, LYDIA**

Lyd is quiet, good, and studious, is musically inclined, tries for an E average, and usually manages to get it.

History Club, French, Cecilian Choir, H. H.

COHEN, ALICE

One of the fairest girls Harrison has ever known is this belle of 117. She's one half of the Alice-Grace Company and a friend to all.

Spanish Club, Glee, Sales, Jr.-Sr. Girls, "Martha", H. H.

COHEN, CARL

"Murphy" is a basketball player of some note and a favorite of Coach Smith. If he makes the success of life that he has made of basketball, his future is assured.

## BACK-TRAILING

SCENE: *The auditorium of the Harrison High School. Excited groups talking volubly. In the foreground, LOUISE and JACK, alumni of the January, 1930, class.*

*Louise:* Another semester gone! Only a little while ago, my division class sat where we're sitting now, when we came to Harrison as green little Freshies and were assigned to this temporary parking-place. So much has happened since then; but what fun we had and how small our trials and tribulations seem! Sitting here, waiting for the commencement exercises to begin, I can't help thinking of our class trail at Harrison.

*Jack:* I know how you feel. I have the same memories.

*Louise:* That first year we could hardly get our bearings. How we wrestled with algebra! Had not the Honor Society Seniors aided us, mathematics would have downed scores of us. When the upper classes gave "Pirates of Penzance" and "Clarence," we Freshies were thrilled. I can see myself leaning forward, gazing raptly at the performers. We never thought we'd attain to such heights, though occasionally we did wonder wistfully if we'd get a chance to accomplish wonders. Then, how proud we were when Harrison took the first prize in the Clean-up Campaign and we saw the shining cup that symbolized the help you and I gave from the start. We were all Hustlers, you know.

*Jack:* I heard the Music Festival broadcast over the radio that first year. You belonged to the Cecilian Choir, didn't you? I joined the Freshman Dramatics Club; that was good training for the Senior Dramatics Class later.

*Louise:* Soon, soon we were lofty Sophs, looking down upon the new Freshies.

*Jack:* That was the year "Bells of Cornville" and "If I Were King" delighted us. You were in the chorus of the operetta, weren't you? Those were great successes. The second prize in the Clean-up Campaign was another. But we certainly did have to work hard on Latin, French, or Spanish.

*Louise:* I know it only too well. You could get your Geometry, but I could not make head or tail of it and was amazed to see a final G for it on my report card.

*Jack:* But we were beginning to belong—we were beginning to fit into the school.

*Louise:* Junior year, when "Martha", in all its glory, was presented here, I felt as though I, in the chorus, were doing my bit. It was that year we became members of the Hustlers' Council and took part in the spirited law making.

*Jack:* Boy, that Junior year was great for the wrestling team, too. Then, after the splendid and original football souvenir sale, we came out victorious on the gridiron at the Homecoming Game.

*Louise:* Soon after that, "Merton of the Movies" was a hilarious success. We knew everyone in the cast; and weren't we proud that one of our own class was leading lady?

*Jack:* When our 3A semester brought the class mass assembly, I began to realize the responsibility of the high-and-mighty seniors.

*Louise:* Our Senior year! It wasn't all play, but didn't we have a good time? We were on the Clean-up committees, and this time, though Harrison didn't get first prize, we did tie with Austin for second. "The Crimson Star" is another light on our trail.

*Jack:* That semester the Band went to Denver. I certainly envied you when you left on that trip.

*Louise:* We had some outstanding assembly programs. Do you remember the Girls' Week program, "The Road to Success", and the Aviation Club's play, "Nerves"?

*Jack:* And the Soccer team won the city championship again, though our hard-working Football team was defeated at the Homecoming Game.

*Louise:* Don't forget the Senior Assembly, where our talented classmates put it over with a "bang".

*Jack:* The Hustler government was made more democratic by the change from one Hustler Council and a delegate group to three groups of representatives. Perhaps this is why the Christmas and Thanksgiving collections and celebrations were so unusually fine. Didn't we enjoy "It Pays to Advertise"? I never laughed so hard in all my life.

*Louise:* Oh, I can't forget the Senior Dance and the Football-Soccer Dance. They were so jolly and informal. Then came the affair of affairs—the Prom, held in the Stevens Hotel, at which we had a "scrumptious" time. Wasn't the 4B-4A social a really "chummy" school affair, and didn't the 4B's give us a *good time*? The Senior Banquet didn't disappoint us, either. Everything went so smoothly. Back-trailing like this brings the joys to one so vividly, doesn't it? Still—but oh, the exercises are beginning. There's Agnes, one of the first in line. Doesn't she look dignified in her cap and gown?

(Two hours later)

*Louise (to Agnes, as the two girls and Jack are walking out of the auditorium):* Oh, did your operetta succeed? What was the outcome of the Clean-up Campaign? Did the June Prom equal ours? I know you can't answer my questions all at once, but I'm dying to hear.

*Agnes:* Now, just one question at a time. You won't have to coax me much to sing Harrison's praises. (*She takes a deep breath.*) Our operetta? "The Mikado" was a "scream." How everyone laughed! Our Band won the city championship and went to Flint to represent Chicago in the National Band Contest. As for the Clean-Up campaign, of course Harrison always comes out at the top. Then—the most important affair of our career at Harrison, the Prom, was held at the Blackstone Hotel, in the Crystal Ballroom, really a beautiful place. What a wonderful time we had! Let me tell you all about it.

*Jack:* Tell Louise some other time. Let me in on the athletics.

*Agnes:* Oh, there's enough to say about that, too. Our Basketball team "copped" the championships at the Morris and La Grange Tournaments, and our Heavies won the West Section Championship.

*Jack:* Whew! What a record!

*Agnes:* Yes. Isn't it fine? Haven't we happy memories to carry with us as we leave Harrison and seek new fields to conquer?

## Senior Humor

Goodwin was taking the wash to the laundry and was just about to get on the street car when the conductor shouted, "All on behind there?"

"Hold on," cried Goodwin, "wait until I get my clothes on."

Hesser: "Your suit looks rusty."

Krukones: "Well, the tailor did say it would wear like iron."

Guedel: "Why are you wearing that old sweater to class? Haven't you any shirt?"

Gorgol: "Sure, I have lots of shirts, but they are both in the wash."

Miss Bell: "Litman, why don't you answer me?"

Katlove: "I did. I shook my head."

Miss Bell: "But you don't expect me to hear it rattle away up here, do you?"

Rudnick: "What would you suggest for a bad headache?"

Tichy: "Put your head through a window, and the pane will be gone."

Teacher (to Carek, sleeping in class): "Tell me the name of a ferocious, dumb, and ugly creature."

Carek: "Me?"

Teacher: "Excellent."

D. Smith: "Did you ever hear the story about the little red wheel-barrow?"

S. Shulman: "No. How does it go?"

D. Smith: "It doesn't. You have to push it."

Mrs. Gibbs: Tell me about the Persians."

E. Wright: "They're very ruggy people."

Mansfield: "At last I've written something for the HERALD which has been accepted."

Miller: "What is it?"

Mansfield: "A check for a year's subscription."

Gym Teacher (to girls): "Lots of girls use dumb-bells to get color in their cheeks."

F. Nathan: "And lots of girls use color on their cheeks to get dumb-bells."

Dvorak: "I want to exchange this text book."

Miss Gibson: "But you've had it a whole term."

Dvorak: "But I just found out that every other page is missing."

Frosh: "What is that busy senior throwing all his books into the river for?"

Topchevsky: "He's drowning his sorrows."

Bartusek: "Did you hear the latest? They have to do the battle of Bunker Hill all over again."

Kolar: "Why?"

Bartusek: "It wasn't on the level."

Mr. Bradley (in Public Speaking): "What is the matter with you? Can't you speak any louder? Be more enthusiastic. Open your mouth and throw yourself into it."

Kup: "If I'm the first man you've ever kissed, why are you so good at it?"

Ruth: "If I'm the first girl you've ever kissed, how do you know I am?"

Nemec: "What is the race problem?"

Ringl: "Picking winners."

## The Senior Farewell

We graduates of January, 1930, depart from an institution that for four years has meant the beginning and growth of our social and athletic lives. It has taught us more lessons than are ever to be gained in the class room proper.

In offering this adieu, the class of 1930 takes with it something it has learned from practical experience. It has fitted itself for the world by its work in the class room, true; but by other means, such as the participation in extra-curricular activities and the cultivation of friendships among the faculty, it has taken with it instruments of life that will help make successful everything it has absorbed about History, English, Latin, and other subjects.

By participating in numerous activities, the class has learned responsibility, an element vital to success in the business world; and in the faculty, we have found friends of the "Fidus Achates" nature, more than willing to help in anything, anytime, anywhere.

Our class has attempted to uphold and improve the standards of Harrison. To what extent it has succeeded is not for the class to judge. Now this task becomes the problem of the Junior class. Future Seniors, not only should you aim to maintain Harrison's high standards, but strive to improve them. You now become the model for the lower class-men, and, as such, you should set lofty standards.

Juniors, Sophomores, and Freshmen, make Harrison *THE HIGH SCHOOL*.

Irving Kupcinet, *President of the January Class, 1930.*

---

Four years, the happiest years of our young lives, in which we have struggled to attain efficiency in our educational development, in which we have cultivated friendships most dear to us, have forever passed from view, leaving behind only traces of our accomplishments and activities within the portals of Harrison.

On the athletic field we won memorable victories and leave a good record, which the passing of time cannot erase. In social activities we have maintained the high standards set by former Harrison senior classes, and we sincerely hope that our leadership will encourage all Harrisonites to promote the welfare of their future undertakings in this line of work.

Our school life has come to a termination, and we now face with radiant and glowing countenances a new world, a world of the future, a world of successes, perhaps a world of disappointments. But we are in no manner disheartened or discouraged, because we have established within us the true Harrison spirit developed by the conscientious labors of our faculty. To the members of the faculty an unlimited amount of gratitude is hereby expressed in appreciation of their efforts.

To you 4B's we resign the leadership of the school, and ask you to strive your utmost to fulfill this great responsibility. With the cooperation of the Juniors, Sophomores, and Freshmen, we are assured that the name of Harrison will be kept bright and shining on the field of honor, and the June class of 1930 can make its last bow and final exit, leaving to you the care of Harrison's fair fame.

Walter Ostaszewski, *President of the 1930 June Class.*

## Juniors, To Work!

“So much to do that is not e’en begun,  
So much to hope for that we cannot see,  
So much to win, so many things to be.”

—L. Morris.

Yes, Juniors, we pray as we leave you now that you may live up to our great expectations, and carry on to greater heights the work begun by us, which we are now turning over to you.

Win new laurels for Harrison by your study, hard work, and steady will. Perhaps not all of you can be athletes and win trophies for Harrison, but there are other ways in which you may do your share. Set a good example for those who follow in your footsteps even as we have tried to do. Although the road seems impassable at times, you can remove stumbling blocks and reach the goal just as we have done, if only you will push your best efforts to the front. Let loyalty and co-operation be the foundation of your success, progress and determination, the pillars.

In your strife with your studies, do not forget that there are other important things in the school life of a Harrison Hustler. There is no time or place here for idlers. Do not join the army of the unemployed, but hustle for Harrison. The Clean-up Campaign needs your whole-hearted attention. Give your annual play and opera all the enthusiastic support you can, and make them successes. You have been faithful followers; become efficient leaders.

May you fulfill our hopes, and win all those honors which we could not win. Success, fame, and happiness will then be your reward.

—THE SENIORS.

## Bon Voyage, Seniors!

Seniors, your ship is weighing anchor. Very shortly you will depart on the good ship Fate via the sea of Life bound for the port of Happiness. However full of dangers, hardships, and perils your sea may be, it is the sincere wish of the Juniors that your journey be most successful. May you weather every gale, conquer every hostile wind, and arrive at your destination happy and contented. With your high school education as your “chart” of the unknown sea that you are about to travel and with the advice of the faculty as your “compass” guiding the direction of your course, you have every assurance of a safe and prosperous voyage.

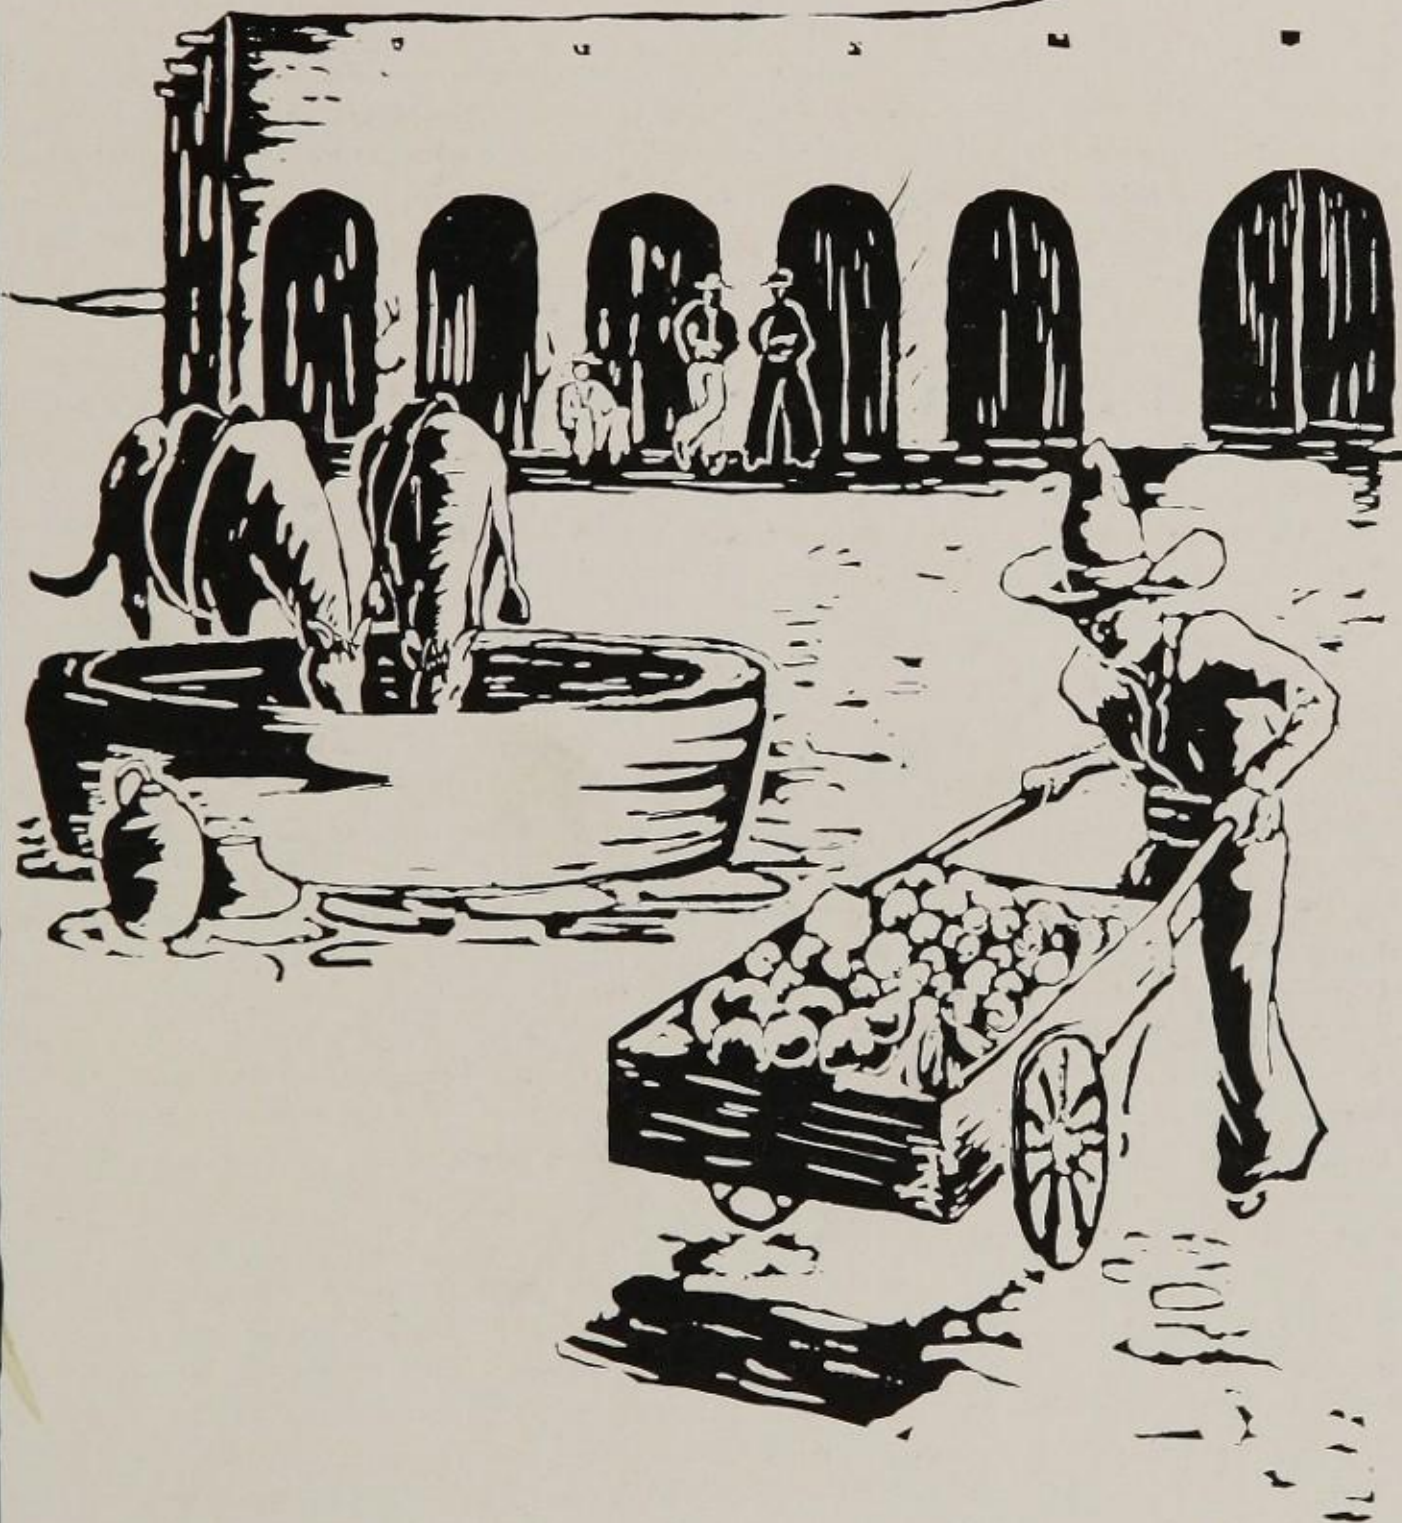

As a solace for your regrets at leaving your home port, “Harrison Technical High School”, we, the Juniors, hereby promise: to live up to your expectations in all our athletic and musical organizations; to uphold the reputation that you, Seniors, have established; to enter every contest with the feeling of victory, since you, as alumni, will still be cheering us on; to surpass, if possible, even your scholarship records; to execute faithfully all the offices, duties, and responsibilities left to us by you; and to become efficient in leadership as you have been.

Seniors, we are proud of you. All Harrison is proud of you. It is our supreme intention to be as deserving of honor and praise as you have been.

—THE JUNIORS.

## A Plea to the Sophomores

*(Apologies to Mark Antony)*

Friends, schoolmates, Sophomores, lend us your ears;  
We come here to advise you, not to praise you.  
The evil that Sophs do lives after them;  
The good, too, is remembered when they rise;  
So shall it be with you. The noble Seniors  
Pray that you'll always be ambitious;  
If you are so, 'twill be a glorious thing,  
And gloriously will you be then rewarded.  
Here, under leave of teachers, for our school  
We ask support from you for Gray and Blue.  
For teams try out—Sophs, be ambitious, all;  
Stand for fair play, like honourable men.  
You still have many lessons here to learn;  
Your records must the general average raise.  
We speak not to express our teachers' wishes,  
But here we are to speak what we know well.  
You all do love our school, not without cause:  
What cause withholds you, then, from hon'ring it?  
O Sophomores! Keep the name of Harrison clean,  
The Band support, our teams to vict'ry cheer.  
Our hearts are with the school that we must leave,  
And 'tis for its dear sake we plead with you.

—THE SENIORS.

## The Sophomores' Answer

Four years ago there came into this school a new class, conceived in tolerance and dedicated to the proposition that all class rivalry should be on a friendly basis.

Now we have come to a parting of ways, testing whether such friendships so conceived and so dedicated can long endure.

We are met at the final parting with our friends. We herewith dedicate this farewell to you, who gave your best that this school might prosper. It is altogether fitting and proper that we should do this. But, in a larger sense, we should not dedicate, we should not eulogize, we should not honor you alone. The loyal Alumni, living and dead, who studied here have likewise brought honor to our school far above our poor power to add or detract. Our school will little note nor long remember what we say here; but it can never forget what they who have been graduated did here.

It is for us, Sophomores, rather to be dedicated to our unfinished work, which you as Seniors have so nobly completed. It is rather for us to be here dedicated to the great task remaining before us, that from you honored graduates we take increased devotion to that cause for which you gave full measure of devotion, that we all here mightily resolve that your studies shall not have been in vain, that graduation shall not be the end but the beginning, a new birth of endeavor, and that we all may continue to bring honor to ourselves and our school.

—THE SOPHOMORES.

## Good Cheer, Freshmen!

To say farewell to a group like you  
Recalls old memories, fond, anew,  
Of days when we were Freshies, too,  
And did what all the Freshies do.

Yet, in earnest way, we say to you all,  
Never let Harrison falter or fall.  
Be eager in your response to her call;  
Make her name stand out like a mighty wall.  
Take part in the sport or club you like best;  
Disregard the teasing remarks of the rest,  
And leave them behind in your march toward fame's crest.  
There's no time like the present to make the test.  
In all your endeavors, forever aim high.  
Don't think of your studies as fruitless and dry;  
They'll richly repay you, if you'll only try.  
Let not your courage and faith ever die.  
Our teams need your backing to every man;  
So help them wherever, whenever you can  
By showing each one is an athletic fan  
That others may not say our teams also ran.

Dear Freshies, we're leaving; we bid you adieu,  
Our work here is finished. It's now up to you  
To make yourselves known by what *you* can do  
For Harrison's banner, the Gray and the Blue.

—THE SENIORS.

## Good-Bye, Seniors!

1.

Good-bye, Seniors, may you succeed  
In your professions and hold the lead.  
Be honored, remembered, and loved by all,  
After you've responded to your call.

2.

Our aims are high, our steps are sure,  
Our love for Harrison, great and pure.  
The teams have our backing, we cheer with zest,  
And in our studies we'll rank as best.

3.

Good-bye, Seniors, and fare ye well.  
Whether we're tried and true, time will tell.  
We've taken our duties and know what to do—  
Live up to the honored name established by you.

—THE FRESHMEN.

### THE HARRISON COMMERCIAL BRANCH

The Harrison Commercial Branch was opened on March 1, 1929, for the purpose of relieving the enormous enrollment at the main building. Mr. Doak is principal, and nineteen teachers help him in the education of almost eight hundred pupils. The students have been busy organizing clubs, such as the Latin, Art, Civics, Girl Reserves, and others. An Honor Society has also been organized and is doing much to raise the scholastic standing of the Branch.

The Branch is provided with twelve regular classrooms, two typewriting rooms, two science rooms, a study hall, a teachers' workroom, a teachers' lunchroom, and a teachers' restroom.

### THE BRANCH GIRL RESERVES

The Branch Girl Reserves Club was organized in April, 1930, for the purpose explained in their motto, "To find and give the best."

The pioneers started with a definite program and are determined to carry it out successfully. First, they intend to make scrap books, which are to be given to hospital shut-ins. Next, they will give a Mother's Day program. For their own amusement, they plan a hike and a party. Then, to end the semester right, they mean to make health posters.

### THE BRANCH JUNIOR ART CLUB

This club was organized on March 3, 1930, by the Freshman art students who wished to become better acquainted with Art. Because the members of the club wished to have a better understanding of art appreciation, they organized trips to the Chicago Art Institute. Art work of the club members was exhibited at the branch building during the semester. Miss Edna Hewitt was the faculty adviser.

### THE BRANCH HONOR SOCIETY

The Honor Society of the Harrison Branch was organized in September, 1929, to promote scholarship and high ideals among students at the Branch. To be eligible for membership, students must have an "E" average with no mark lower than "G". Meetings are held once a month the 7th period in Room 202. Miss Cox is their sponsor. The present officers of the society are: Helen Koberna, president; Lucille Brunke, vice-president; Dorothy Holz, treasurer; Lottie Job, secretary.

### THE BRANCH LATIN CLUB

Miss Behrens has organized two Latin clubs at the Branch, one for the morning and the other for the afternoon shift. Programs about Roman education, kings, homes, amusements, dress, myths, legends, famous Roman writers, military leaders, and statesmen are prepared by committees. In this way the students are forming a background for their Latin study. The presidents are Albert Kotler and Isadore Levetsky. The secretaries are Ethel Ginsberg and Mildred Ziegler.

## THE HUSTLER COUNCIL

Every pupil at Harrison is a Hustler, and since there are too many to meet regularly, a delegate and an alternate are elected from each division room to represent their respective divisions in meetings held once a month. This group elects officers, but as it, too, is large, the executive council, consisting of officers and committee chairmen, meets every Tuesday and Friday the seventh period. At these meetings, plans for the improvement of the school are made. These are presented to the delegates and are either rejected or accepted by their vote.

The council's chief aim is to look after the students' interests. During the year many things have been accomplished by the various committees. The Soap and Towel Committee, headed by Jack Friedman, collected ten cents from every pupil, thus furnishing soap and towels for the washrooms. The Pin Committee, headed by Gertrude Herek, selected the design for the Hustler pins and sold about three thousand.

The Clean-Up Campaign was the main project for the spring semester, with Sol Vollen for general chairman. Committees were elected to manage the various duties of the campaign and secured the cooperation of many outside groups. The Scrap Book Committee, with Mabel Larson as chairman, collected reports of all committees and outside groups, assembled them artistically in our scrap book, and sent it to the Association of Commerce to be judged. The Grammar School Committee, headed by Gertrude Herek, conducted the Clean-Up Campaign at the grammar schools in Harrison's district, and the Parochial School Committee, headed by Florence Moskwa, took care of the parochial schools. The Business Men's Committee, headed by Milton Kukac, secured the co-operation of the business men of the neighborhood; the Women's Committee, headed by Sophie Miller, obtained the co-operation of the women. To give Harrison publicity outside of school by means of daily newspapers, radio, etc., an outside Publicity Committee headed by George Kvidera was selected, and the Inside Publicity was managed by Sarah Berkovitz and Bessie Borshevsky. The Assembly Program Committee, with Audrey Lundmark at its head, prepared programs for presentation at Assembly. The exhibit in the show-case was conducted by the Show Case Committee, with Sophie Trifshik as chairman. The Lost and Found is under the care of Hypatia Mileko.

During the fall semester Thanksgiving collections were made and baskets filled for the poor. When Christmas came, collections were again taken to buy dolls, which were dressed by students. These dolls were distributed at the annual Christmas party given for the poor children.

In the January semester the delegates were divided into three groups. The officers for the first group, which met every Monday, were Sam Mendelson, president, Rose Toushin, vice-president, Lillian Koupeny, secretary, Bernice Rezny, ass't.-secretary; for the second group, which met every Tuesday, Ben Tichy, president, Libbie Nathan, vice-president, Mabel Larson, secretary, Raymond Goldenson, ass't.-secretary; the officers for the third group, which met Fridays, Elsie Cohen, president, Florence Moskwa, vicepresident, Nettie Pollock, secretary, Sol Vollen ass't.-secretary, Arthur Broude, treasurer.

In the June semester, a Hustler Council was organized, of which the following officers were elected: Sam Mendelson served as president, Mabel Larson as secretary, Florence Moskwa as ass't.-secretary, and Clara Ledেকে as treasurer.

## THE HARRISON HERALD

The Harrison Herald is the weekly newspaper published by and for the students. Reports of all club meetings, school activities, sports, and outside news pertaining to Harrison are gathered by the staff. The aims of the paper are to promote high scholarship, proper Harrison spirit, school loyalty, clean sportsmanship, and participation in extra curricular activities.

Monday and Tuesday are set aside for writing and getting articles "O. K.'d". Tuesday noon is the dead-line for all copy. On Wednesday, dummy pasting is in full sway and the weekly print-shop clean-up is ended. Thursday, smocks and aprons are donned and the grind begins. Type is put in the forms, head-lines are set up, page-proofs are read, the forms are sent out—and another issue is completed. Friday is devoted to the staff meeting, where all assignments are handed out.

Eli Cohen headed the September group as editor-in-chief, and Irving Kupcinet, former editor, acted as student adviser. General school news was taken care of by Sarah Berkovitz, school editor, and Sylvia Titelbaum, her assistant. Boys' sports were covered by Raymond Goldenson, sports editor, and his assistants, Irving Hoffman and Marvin Laser. Ralph Mansfield filled the new position of art editor. Bessie Borshevsky took charge of all features.

The club editor was Ruth Miller, aided by Blanche Janecek and Virginia Kvapil. Anna Levin was girls' sports editor. The club reporters were Ellen Body, Harold Dray, Helen Greenwood, Milton Rosenthal, Lucille Schultz, and Bertha Sherbin. Paul Proksa headed the business staff as business manager, assisted by Joseph Kalivoda, advertising manager.

The Herald received a Distinguished Rating, the highest honor offered by the Illinois High School Press Association, at the convention held at Champaign, Illinois.

The spring semester brought a change in the roster of the Herald staff. Sarah Berkovitz took over the duties of editor-in-chief. Raymond Goldenson became school editor and was aided by Sylvia Titelbaum and Bertha Sherbin. Bessie Borshevsky continued her work as feature editor. Marvin Laser advanced to the position of boys' sports editor. His assistants were Harold Dray and Milton Rosenthal. Club editor was Virginia Kvapil, whose helper was Ellen Body. Anna Levin again acted as girls' sports editor, aided by Lucille Schultz. Cub reporters were Nat Grossblat, Jack Lubin, and Leo Mininberg. Joseph Kalivoda became business manager, and William Farnik, the advertising manager.

School Daze, the students' Humor Column, was directed by Buster Bess during both fall and spring semesters. The Scandal Column was conducted by Curl-e-air for the past year. Cynical Al presided over Cynical Snips during the fall term, and Cynical Al II. took it over for the spring semester.

Bubbles took charge of Within the Huddle, which was devoted to sports from September to January. For the second half-year the column was divided, Marv taking care of Right Over the Plate, the boys' sports column, and Tomboy Al conducting Gym Gems for girls' sports.

First page dummy was planned by Sarah Berkovitz and Raymond Goldenson during the fall semester, and by Raymond Goldenson and Bessie Borshevsky the spring term. Second page, the first term, was taken care of by Ruth Miller and Ralph Mansfield, while Virginia Kvapil and Harold Dray were in charge of that page during the second semester. Bessie Borshevsky and Irving Hoffman handed over third page duties to Sylvia Titelbaum, and Milton Rosenthal. Fourth page was presided over by Marvin Laser both semesters, aided by Anna Levin.

### THE HISTORY CLUB

Under the able guidance and sponsorship of Mr. Bjornson, the History Club, during the autumn semesters, presented a group of unusual novelty programs, some in the form of contests.

Among the original and interesting programs were a What's Wrong Here? Contest, in which historical errors were detected by members with great amusement, and a presentation of historical tableaux, in which the members identified the events portrayed.

Another feature program was composed of composite historical travelogues, presented by members who made detailed talks of trips to places of recognized historical interest. One other program had as its theme, National Holidays, and was concerned with the history and celebration of national holidays of various foreign nations. Another presentation was a program, Songs the World Over.

Members spent a most enjoyable semester at the meetings of the History Club, deriving much knowledge and pleasure from them.

The scheduled programs for the spring semester include the presentation of Best Reviews of Historical Versions of Historical Events, Parodies of Historical Events, and a musical and a special program.

With the willing cooperation of the members and the great assistance of our faculty adviser, Mr. Bjornson, the success of the spring semester seems assured.

Membership in the History Club is open to all who are taking or have taken history. The basic purpose of this organization is to further the interest in history and present it in the most interesting manner.

### THE JUNIOR - SENIOR GIRLS

The Junior-Senior Girls, organized in 1913, has grown into one of the largest clubs at Harrison, at present boasting of a membership of one hundred and fifty girls.

The motto of the club is "To find and give the best". Every year a theme is selected by which the year's program is prepared. This year "The Treasure Hunt" has been the theme. Some of the treasures contained in the hunt are World Fellowship, Books, Travel, and The Ideal Girl, one topic being treated each month. Among our main speakers at the meetings were Miss Martha Simons and Miss Georgia Watson, "Y" executives, Misses Helen Gibson, Lillian Gray, and Charlotte Smith.

The Senior Girls together with the Junior Girl Reserves gave a Girls' Week program, presenting "Famous Women" at a weekly assembly which proved to be a great success.

The club has, for its social side, a tea or social every month, at which a program is presented and many games are played helping the girls to become better acquainted with each other. The "Y" joint-supper was one of the term's highlights. The Christmas party of all four Girl Reserves at Harrison was sponsored by the Junior-Senior Girls.

"Ready for service" characterizes the energy of the girls, for, at Christmas time, cards were packed and stockings were made for the disabled war veterans. The club also contributed to the Emergency Fund, which provides for the carfare and lunch money of girls in extreme need. Besides this, the girls helped the school by selling candy at the play and opera.

The club has enjoyed and is thankful for the guidance of Mrs. Flo Tyley Skidmore, Acting Dean of Girls, our sponsor for this year in the absence of its adviser, Miss Miller, Dean of Girls, for a year's travel in Europe.

## THE JUNIOR GIRL RESERVES

Over one hundred girls were enrolled this semester in the Junior Girl Reserves, a club open to all 2B, 2A, and 3B girls. Each of these girls worked earnestly "To find and give the best", which is the purpose of all Girl Reserve work.

Each semester a theme is chosen and the meetings are planned to develop this theme. During the fall semester "The Builders" was selected, and in the spring the phrase, "A lantern in her hand", was taken as the symbol of leadership.

Every member of the club did some definite service work during the semester. A number directed classes of children at Hull House, others assisted in hospital work, and still others devoted time to the Braille project, making books for the blind.

Various interest groups were formed: travel, hobby, handicraft, and music. Those girls who selected the travel group took a number of interesting trips throughout the city.

Special days were observed by the girls in the club programs and varied activities. At Christmas time the girls wrapped Christmas cards for soldiers at the Speedway Hospital and sewed Christmas stockings for little children.

Contributions were made to the World Fellowship program planned by the Y. W. C. A., with which the club is affiliated. The mothers of the girls were entertained at a special Mothers' Day Tea. The girls also assisted in the selling of candy on various occasions.

The emblem of the club, a triangle, represents body, mind, and spirit. This triangle is enclosed in a circle symbolizing the circle of friendship.

### THE TOWLES GIRL RESERVES

The Towles Girl Reserves is a Freshman club. It was organized in October, 1927, to give the Freshman girls an opportunity to have a school club and to begin to learn to instill the principles of Girl Reserves in their lives—to help them to find and give the best.

In accordance with the custom of naming the clubs in memory of some famous woman whose life exemplified our Girl Reserve code, our club was named for a former Harrison teacher, Miss Caroline M. Towles, who had taught over fifty years, thirty in Chicago, had been head assistant in the old Farragut, and was a teacher of English at Harrison at the time of her passing.

Our club meets once a week at a period when most Freshman girls are free to attend. Last semester our membership was made up of both 1B and 1A girls. The enrollment was eighty-five, with an average attendance of seventy-five. The club met from 12:00 to 1:45. Due to the fact that most of the 1B's are at the Branch this semester and that many of the 1A's were put on the late shift, the meeting time was changed to 8:45 and only 1A's belong. We have a membership of almost fifty, with an average attendance of about forty.

This semester we selected the general theme of Friendship for our program, which we have tried to develop by plays, socials, and general programs, and the packing and sending of two friendship chests to school children of the Philippines.

During the year we have been happy to have as our guests and speakers Mrs. Skidmore, Dean of Girls, Mr. Morse, Miss Edwards, Miss Georgia Watson, General Girl Reserve Secretary of Chicago, Miss Mildred Price and Mrs. Anita Cottrell, West Side Girl Reserve Secretaries, and Miss Mildred Stengl.

### THE GIRLS' GLEE CLUB

Why do the girls all flock to room 400? Because the greatest honor and the best time in school are enjoyed by the fortunate members of the Girls' Glee Club.

The Girls' Glee Club is Harrison's oldest organization, for it originated in the old high school building, the Farragut School, under the direction of Mr. Robinson. Since then, Miss Campbell has taken charge of it and made it famous. It was created to promote love of music among high school students. Any girl having a talent in voice or any who can read notes by sight is eligible to membership in this club. At the present time there is a membership of ninety girls. The Girls' Glee Club meets every Monday, Wednesday, and Friday, the eighth period, in 400, and during the opera period the girls practice every day till six o'clock.

Besides participating in many assemblies and radio programs over stations W G E S and W B B M, the club also entered the preliminaries at Marshall High School for the Glee Club Contest and placed second, which entitled it to participate in the contest at Orchestra Hall. Under the direction of Dr. Browne the club sang at the Musical Festival and the National Teachers' Convention held at Orchestra Hall.

Our charming songbirds certainly looked exquisite as the dainty, shuffling Japanese maids in the greatest affair of the school year, "The Mikado".

## THE BOYS' GLEE CLUB

Another successful and fruitful year has passed in this group, one of the finest Boys' Glee Clubs in the city.

In the fall semester the boys placed in a preliminary contest held at Englewood High School and proceeded to gain further laurels by placing in the City contest conducted at Orchestra Hall. Together with the girls, they captured another place in the Mixed Chorus contest held that same night. During the June semester several of the boys were entered in Doctor H. Lewis Browne's music festival held in Orchestra Hall. Several of the boys have appeared as soloists at school socials or on radio programs and have met with unusual success. Harrison has long been noted for its splendid student soloists, and this tradition was more than upheld by the present members of the club.

The Glee Club has been in great demand this year for various entertainments and has discovered that the numbers most enjoyed by the audience are "Winter Song", "Road to Mandalay", "Song of the Anvil", and the "Banjo Song". These songs were repeatedly requested whether the boys were singing for Commencement or at an entertainment.

Each year the Boys' Glee Club combines with the Girls' Glee Club to present the annual opera. This year "The Mikado" was presented in co-operation with the Harrison Symphony Orchestra and proved to be a tremendous success.

Too much credit can not be given Miss Cecilia Campbell for her untiring efforts to make this group a fine one. All the fellows certainly appreciate her labor.

It is the secret ambition of every member who is graduating that he may some day come back, as countless other former members have done, to sing once again with the boys.

### "THE MIKADO"

For the third time in Harrison's history the curtains of our immense auditorium were raised to the magic strains of Gilbert and Sullivan's delightful "Mikado". And thus the fourteenth annual opera passed into history as a memorable event.

From the humane Mikado to Yum-Yum and Nanki-Pooh, the heart-throbbing lovers, and Ko-Ko, the well-meaning Lord High Executioner, the opera club gave performances which were worthy rivals of the casts of 1919 and 1924. Like the "flowers that bloom in spring" this delightful light opera never fails to please. Now we know that Chicago is not the only corrupt city in the world but has excellent competition in the town of Titipu, as explained by the gifted pens of the incomparable writers.

Brilliant songs plus comedy plus intrigue are interwoven to make this opera a fine menu for an evening's entertainment.

## THE SENIOR HONOR SOCIETY

The requisites for membership in this group are perhaps the most severe in Harrison. An individual must first fill out an application for membership, then get the signatures of at least two teachers as to his Scholarship (at least an "E" average), Character, Leadership, and Service. These are the requirements for members of chapters affiliated with the National Honor Society, as Harrison is. Mr. Morse, the sponsor, and the president of the organization must also vouch for the candidate after the club itself has first voted for the applicant.

During the June semester, the Coaching plan, dropped for two years, was once more adopted. This consists of Honor Society members' instructing lower classmen, in particular, in the various subjects, in hopes of raising the scholarship of the students who find the regular school work difficult. In this way the organization performs a service to the school, as the members give freely of their time for coaching purposes. The Honor Society is also sponsoring competition between the various class division rooms and plans to announce the winners. This takes a great deal of the members' time because every report card in the school must be carefully checked and graded according to the school system of four points for an "S", three for an "E", etc., and the average of every division taken. The club has worked hard during the past year. It has in theory and in practice as well, used the motto, "Facta, Non Verba".

However, the club has plenty of good times. Each five weeks a social is held, a fine program is prepared, and refreshments are served.

Special thanks are given to Miss Cappetta, who sponsored this organization during Miss Dailey's absence. She gave unselfishly of her time and labored diligently to place the club on the high level it deserves.

## THE JEWISH YOUTH LEAGUE

The Jewish Youth League of Harrison was organized in the autumn of 1927 and in the two and one half years following has become the largest club of its kind in the city.

It is the aim of the organization, not only to offer opportunities for social contact and for leisure time activities, but also to arouse the Jewish consciousness of its members, to habituate them to study Jewish culture, to think about Jewish problems, and to perform Jewish deeds. In other words, the League aims to foster a healthy, creative Jewish life.

In general, the programs of the J. Y. L. care for regular cultural meetings and for special activities in and out of school. The regular meetings are devoted to talks, to discussions, readings, etc., which will present to its members an insight into the past of the Jewish history as well as the problems and interests of the present life. Several meetings during the year are devoted to explaining the deep significance of the Jewish customs, holidays, and ceremonies, which are usually accentuated by song, dance, humor, and festival.

Aside from the interesting semi-monthly meetings and the numerous successful social affairs, the club will this year present an assembly program which will endeavor to spread the ideas of the club and the people it represents to the entire student and faculty body.

The Jewish Youth League boasts of being the largest club at Harrison and of being the proud possessors of a beautiful banner presented to it by the Board of Jewish Education in view of the club's achievements.

Many thanks are due to Mrs. Winnifrede P. Gault, faculty adviser, Mr. Leon Brower, Mr. Ben Edidin, and various other interested persons who have been a great aid in fostering the success of the organization.

The following students are the officers, who, with the aid of the membership at large, have helped guide the organization through the past successful year:

## THE JUNIOR BESEDA CLUB

One of the leading and most famous clubs at Harrison is the Junior Beseda. The membership ranks very high, about two hundred enthusiastic Czechs. The club is open not only to students of Czech parentage or students who study the Bohemian language, but to all who are interested in Bohemian art, music, literature, and the complicated history of Czechoslovakia.

The purpose of this club is not to teach the Bohemian language but to get the students interested in the Bohemian culture, arts, and customs and to uphold the Bohemian language for the future generation.

This year the Beseda is offering a chance for free trips to Czechoslovakia for capable students. These students will visit historical places and other beautiful spots in the magnificent republic. The trip will be sort of educational, for a study will be made of the habits and customs of the people, not only in Czechoslovakia, but also in France and Germany. Last summer the students who were chosen to take this wonderful trip were Adeline Korecky, Clara Ledecke, Vlasta Vesely, Rudolf Mrizek, Joseph Zbornik, and Charles Valach. Their chaperons were Mr. and Mrs. Weber, and all of them claimed this trip was something that would never be forgotten.

To raise the necessary funds, activities, programs, and dances were given to the large enthusiastic audience that supported this undertaking. Two dances, an academie, and a play were given to obtain this large amount. Those who attended these programs or joined the club will have for life sweet memories of this society.

Credit is due to the officers and loyal members, and also to Mr. Mican, the sponsor, for making this year's plans successful. A big "Na Zdar" to all participants for carrying on the work so energetically.

## THE LATIN CLUB

Organized for students who have taken or are taking latin, the Latin Club aims not only to increase the interest of students in the language itself but also to be given an opportunity for social activities and to develop and encourage school spirit.

For the past semester, the club has been known as the Roman Senate, for when upper classmen, or the "nobility", predominate, it is the custom to give the group the name of its ancient predecessor. However, when the membership consists mainly of lower classmen, the club is called the Roman Republic, a name which includes in its scope the common people.

The monthly meetings held carried out the fundamental principles of the club in that, while educational, they were likewise entertaining. Among the programs presented during the past year were talks on Roman customs, literature, history, government, law, biographies of the foremost Romans, together with other novel sketches of life in the time when the Roman empire was at its height. Short plays were given which portrayed incidents common to Roman mythology.

The officers of the club for the past semester were divided into three groups, one complete set for each third year Latin class, of which there are three. These are the upper classmen, and each class took its turn in providing for a program. Above the officers was the dictator, who was to preside in emergencies.

The success of the club and the interest maintained in it are due, in no small measure, to the able guidance of Mr. Walter E. Johnson, one of the faculty advisers, assisted by Misses Bate and Larson.

## LE CERCLE FRANCAIS

Le Cercle Francais was organized for all students who are taking French and who are particularly interested in the French language and in the life and customs of the French people.

During the January semester, the programs were based on an imaginary tour through France. According to the plans of the program committee, the trip was begun with a make-believe journey across the Atlantic Ocean in one of the finest ocean liners. The tourists were entertained on the boat by several amusing numbers presented by the members of the club, and, to while away the remaining time, French songs were sung. The trip proved to be a very interesting one, and, together with the exciting jaunts through French villages and towns, the programs were very successfully worked out. Besides the enjoyment that the members received from the programs, they also learned many things about French life.

This semester, the programs were centered around Paris and its innumerable places of interest. Some of the most interesting programs presented were those dealing with the Parisian department stores, in which the members presented short shopping scenes in the different sections of the store.

Not all of the meetings are devoted to business; there are also socials and musical programs. The musical programs consist of the learning of French songs. Two of the outstanding parties of the past semester were the Halloween and the semester socials.

Under the able sponsorship of Miss Armengaud the club has done much toward the fulfillment of its purpose—that of promoting and encouraging an interest in France.

## THE H. T. H. S. ORCHESTRA

Under the able direction of Mr. Joseph J. Grill, the Harrison Technical High School Orchestra has proved to be one of the most active organizations at Harrison. The past year it participated in the school play, the music festival, the School Lincoln Oratorical Contest at the Auditorium, Feb. 22, 1930, conducted by the Union League Club, the Orchestra Contest, and the school opera.

The most important event in which the orchestra took part was the Orchestra Contest. According to reports, the orchestra made a very fine showing, being well-balanced, having fine instrumentation, presenting an excellent appearance, and being well directed by Mr. Grill.

The Orchestra Club consists of members of the Senior Orchestra. This club was organized for the benefit of the orchestra members. Meetings are held once a month and prove to be very interesting and educational. Through a system of merits, the club members receive medals of award for their hard work.

## THE HARRISON BAND

Under the excellent guidance of Capt. John H. Barabash, the Harrison Tech. Band has proved to be one of the country's leading bands. Its roster now consists of ninety-six members, and it has full instrumentation.

On June 12, 1929, the band participated in a concert at the Kelly Junior High School. In early December, 1929, three of Harrison's band members placed in the City Finals' Solo Contest. On December 19, 1929, the band was presented at a concert by the Band Alumni Association, given in the school auditorium. At this concert, two world-renowned soloists, Mr. Duke Rhel and Mr. Jaroslov Cimera, rendered a number of selections. On January 24, 1930, a dance was given in honor of the band by the Band Mothers' Club.

The band plays at legal holiday celebrations and last November took part in the Armistice Day program given by the American Legion, Lawndale Crawford Post 98, which adopted the band as its own. It has played at all celebrations of this sort since.

The band participated in the Clean-Up Campaign by playing in numerous parades, played at many grammar schools to encourage the students to study music and appreciate its value, and at the dedications of several schools.

The band played in the Preliminary City Band Contest on April 10, 1930, and made a grand showing by taking first place. Also, the band won first place in the Final City Wide Contest, held on April 17, 1930, at Crane College.

### THE SOCIAL SCIENCE - ECONOMICS CLUB

The Social Science-Economics Club is composed of students who are either taking or have taken Social Science or Economics as subjects. The club is a very interesting one, for the reason that the social problems of today are discussed at the meetings, each student giving his opinion on the subject, thus producing an atmosphere of friendliness in the way of bringing forth opinions from each other. The purpose of this club is to acquaint the members with economic and social problems of the day.

The meetings are held every other Monday, the 4-1 period, in room 104. The club, though having a late start, is again on its former basis in getting its business well under way. At the beginning of the semester, committees were chosen to secure members for the club who did not have the 4-1 period free but who are or have taken either of the subjects, and wish to become members. In this way the membership was greatly increased.

The Excursion Committee has been working diligently to secure places that are to be visited by the members in the near future. The first place to be visited is the Board of Trade Building. The members have made trips to the different settlement houses where the members of the Social Science class spend a few hours once a week, to radio stations, China town, the county jail, and the stock yards.

At the meetings of the club, interesting programs have been presented, the students themselves participating in them, speaking on different social and economic subjects of interest to all.

The club also participated in the Thanksgiving and the Christmas activities, selecting these as helps to society.

The Social Science-Economics Club has been sponsored under the able guidance of Mr. Elmer Hawkins, to whom it owes its existence.

## THE ECONOMICS CLUB

This club was originally composed of students who had taken or were taking economics, but now a cooperative arrangement with the Social Science Club permits students of that subject to join this club.

The club meets in 223, the eighth period, and is under the guidance of Mr. Elmer Hawkins. A membership committee was appointed to get the names of those who are unable to attend the meetings but want to belong to the club. In this way the membership was increased..

The object of this organization is to acquaint the members with various phases of social work and to study Economics through discussions and excursions. The Excursion Committee is planning for excursions to the county jail, a radio station, the stock yards, the Board of Trade, and China town.

The club also takes care of a poor and needy family that has been referred to it by the United Charities and assists the Hustlers and the Social Science Club in Thanksgiving and Easter activities. Discussions have been given at the different meetings for the purpose of learning what the students were doing at the different settlement houses.

Students also participated in the programs, each one speaking on a topic that would be of some interest to the students taking social science or economics. With these reports and talks, the members have become acquainted with the different social and economic problems confronting society.

## THE POETRY CLUB

The semester ending June, 1930, completes the third successful semester of the Poetry Club, which was organized by William Leiter and is under the sponsorship of Miss Clark.

It was under the leadership of the Harrison Poetry Club that the Interscholastic Poetry Round Table of the city of Chicago was formed. This club meets once every month at the different schools which are members of the club. The membership of the Interscholastic Poetry Club includes fifteen different high schools of the city.

Many of the prominent journalists of the day are doing their utmost to bring forth the journalistic abilities of high school students and have edited magazines devoted entirely to High School work. The members of the Harrison Poetry Club have sent many contributions to these magazines and have received honorable mention. They are now going out to attain city, state, and national honors.

The best work of the students has been collected and put into a scrap book which may be seen during any of the club meetings. The Poetry Club features many poetry writing contests, and much of their work may be found in the Harrison Herald.

Although as yet the work of the club may not be noteworthy, the students who have attended the meetings realize with gratitude what the Poetry Club has done for them in helping them to appreciate the poets of today and yesterday.

### THE SUPERGOPSLOPTIOUS SCRIBBLERS

The Waste Basket, where laughter and fun and happiness prevail, is the place where the Supergopsloptious Scribblers meet every Wednesday, the ninth period.

The reorganization of the club was one of the main features in the early part of the year. Later a new Constitution was written, which put the S. S. S. on its former basis.

The purpose of the Scribblers is to encourage more "contribs" to School Daze, the humor column of the Harrison Herald, which is conducted on the same order as that of A Line o' Type or Two in the Daily Tribune. The club also aims to create a jolly atmosphere throughout Harrison.

Any student, whether Freshman, Sophomore, Junior, or Senior, who has one "contrib" printed in School Daze, every semester, is eligible to join the Supergopsloptious Scribblers.

All of the meetings are spent in business and in social meetings alternately. At the social meetings, programs are presented, refreshments are served, and, all in all, a good time is enjoyed by all those who attend. At many meetings the poems and articles written by the members are read and discussed, at the business meetings the matters of how "contribs" should be presented and where they should be taken. In order that they may reach the Colyum Conductor, Buster Bess, the "contrib" is to be placed in the top basket in 152.

All of the members are called by their pen names, such as "Sugar," "Al Evator", "Tomboy Al", and "Castorette"; and they somewhat try to live up to their identities.

## THE HOUSEHOLD ARTS CLUB

This year marks the Household Arts Club's seventh year as an organized club. The club was organized in November, 1922, with Miss Louise P. Beck as faculty adviser, who remained so until the end of the term June, 1929. Then, due to Miss Beck's leave, Mrs. L. Forkner became our new sponsor.

An amendment was added to the constitution this year, whereby all girls of Harrison are eligible as members.

The purpose of the club is to get the girls acquainted with each other, particularly those taking the Household Arts Course, and to perform charitable deeds as far as the club is able. This year we made a family happy by presenting them with a basket, filled with all sorts of food at Thanksgiving time. We made card table covers, a project given the school and for the school. We also served at the Faculty Christmas Party and on several special occasions.

During the year an interesting excursion was made to the New Cook County Jail, and the University of Chicago Household Economics Department was visited. We also had a theatre party.

Noted women, home-makers and professional home economists, gave educational lectures, discussing home management and opportunities in home economics.

Social work was not forgotten. Socials, a farewell party for the graduates, and the annual picnic were enjoyed by many.

## THE ART CLUB

A group of students who wished to advance further in the study of art, organized the Art Club in September, 1929. With the help of Mr. F. L. Morse, our principal, and Mr. N. U. Spangler, our assistant principal, the club has progressed rapidly. Its definite purpose is to interest and encourage the scholastic body at Harrison in the subject.

Regular meetings including business and short programs are held every third Wednesday. The members were present five times a week during the 4-1 period to do their work. The dues are fifty cents a semester.

In the past semester the club divided into different groups to do the work they enjoyed most. Many beautiful block prints for Christmas cards were made, while others created flashing decorative mottoes. Some of the more advanced students did striking figure work in charcoal and pencil. Harrison was represented by Gene Taubitz's poster on Lincoln at Medina Temple, January 12, 1930.

This semester the club made posters advertising the Chicago World's Fair. Applied Art came next. Some of the pupils made plaques and others made beautiful decorated boxes. Helen Joseph is an active member of the club and chairman of the Poster Committee of the Clean-Up Campaign, which meets with Mr. Hawkins, head of the Harrison Hustlers. She and her committee worked on Clean-Up posters. "The Mikado", given this June by the Glee Club, was advertised by many gaily decorated posters. "The Knave of Hearts", presented by the Players 13, under the direction of Miss Boe, had a very superb clock decorated by Gene Taubitz. Miss Edwards' pageant for the Commercial Department was aided by charts made by the Art Club.

An exhibition and tea was given for the teachers, also an added exhibition for the benefit of the students. Two socials were held ninth and tenth periods in the months of April and June.

## THE HOUSE OF REPRESENTATIVES

What club is fast becoming Harrison's most popular group? Everything points to the House of Representatives. Never perhaps in the history of Harrison has a young club met such instantaneous success. Students clamor for membership, but only about fifty-five members can be allowed, due to the limitations of having one representative from each state in the Union and from several of the more important territories.

There are serious moments and silly moments, but the House does bring out the fact that Harrison has a great many wits and persons who are alive to the situations which need remedies. Whether it was the demands of Speaker Berger during the first semester that order be maintained or the eloquent orations by the gifted Congressman from New York demanding the freedom of the Philipinos, the group was continually wide awake to the situation at hand.

During the course of the fall semester a twentieth amendment to the Federal Constitution was added, giving the Philippines their independence in twenty-five years. Then the repeal of the Volstead Act furnished merri-ment to the joy seekers in the House.

This semester, the club is once more in great demand and is strikingly successful even though a great many of Harrison's best debaters have graduated. Speaker Terry is now demanding order during the session, while insistent Congressmen beg for the "floor".

## THE WINGS OF HARRISON

The Aviation Club, known as the "Wings of Harrison", has an average membership of thirty. It abandoned the attempt to obtain a course in aviation at Harrison as no teacher was available except for ninth and tenth periods, but has interesting meetings once a week.

We have had two speakers of importance. One was a colonel, Paul Richter, whose main subjects were the Junior Air Safety Divisions in Chicago and Positions in Commercial Aviation. The other speaker was Znidarsich, who talked on commercial aviation. During the business meetings, the members gave talks on different subjects and divisions of aviation, such as the construction of model planes, aerial stunts, history of aviation, why a plane flies, technical terms, and the different types of planes and motors.

Most of our knowledge of aeronautics was gained by discussion and debates on certain points of aeronautical interest during the meetings. Other matters that were not carried out but will be as soon as the weather permits are trips to airports and flights.

A flight was taken by some half score members a year ago, but another flight in the fall semester was not taken because of the cold. However, we shall go as soon as spring permits us to do so. We shall also have a new supply of pins, which are a pair of wings with an "H" joining them, colored in silver and blue.

### THE BIOLOGY CLUB

Sixteen years ago, with a great future in mind, the Biology Club was organized. The main purpose of this club is to get the students taking botany and zoology so interested in plants and animals that all nature will be a leading topic for life study. Although we may go to hunt fossils, the club is not one consisting of "old fogies", but of up-and-ready, "peppy" members, who take a great interest in the various activities.

Besides socials and parties, when favorable weather permits, field trips to parks, dunes, and coal mines are made. Even during the winter months the club is active, for museums, stock shows, and various conservatories are visited, as these provide an excellent study of nature. The Chicago University Museum of Natural History and the Flower Show at the Garfield Park conservatory are a few examples. One of the outstanding trips of the year is the annual trip to the Northwestern University Astronomical Conservatory. Here the members have the opportunity of seeing the various heavenly bodies through one of the largest telescopes now in use.

This year the club has been selected as the best one to become a member of the Illinois State Academy of Science, thereby making this club not only a select club of the school, but also one connected with the outside world.

The annual Clean-Up Campaign also receives a good deal of assistance from this club. The Plant-Up Committee always does its share towards making Harrison a winner of the Clean-Up Trophy.

The totem of the club is a small carved elephant, which was adopted this year.

## THE HARRISON ACCOUNTING CLUB

The Harrison Accounting Club added about three hundred and fifty new members to its enrollment during the past school year. Altogether this organization has enjoyed a very successful season and the various programs have been well-received. The many discussions dealt with topics related to accounting and business affairs, involving talks, debates, readings, parliamentary practice, and general items of interest to accounting students. Splendid socials were held, at which time every member participated in the usual fun and entertainment.

"Once a member, always a member" is the club's motto. All members wear the club pin, a beautiful gold and turquoise emblem, bearing the letters, H. A. C. Several placards with appropriate and original suggestions are to be seen in room 344, the official home of the club.

The Accounting Club is now about twelve years old, having been organized by Mr. Oliver N. Cord, instructor in accounting, with the idea of helping students to a better understanding of their various problems connected with the study of accounting and business methods. This club is one of the outstanding school activities and deserves the support of every accounting student.

A unique feature of the club is the fact that sessions are held in class time and are highly coordinated with actual class work. The programs are of such a nature as to be of immediate aid and inspiration to the pupils in preparing and understanding their daily lessons. Every class is organized with a full quota of officers and each class works independently of the others, but all form the Accounting Club as a unit. Following appears a list of officers for the past year:

## THE H CLUB

The membership of the H Club consists of boys at Harrison who have earned a letter in any sport. The club has grown very much since its beginning, and almost all of the letter men are members at present. For this semester the total membership has been eighty. The meetings are held every first Wednesday of the month, either in room 219 or in the Annex study hall. This organization has tried, as always, to promote clean athletics and good sportsmanship on the part of the student body.

This year distinguished the club for its very successful activities. The regular initiations took place at the beginning of each semester, the initiators taking no pity on the selected newcomers to the club who were to be initiated. Two socials were given, to which each boy was allowed to bring a girl, and three periods were spent in frolics, dancing, stunts, and contests. The school assembly program, "School Daze", presented on April 11, caused much laughter on the part of the students.

The H Club also held several card parties during the year at the homes of the members of the club.

Bowling tournaments are quite a prominent feature in the club's outside activities.

The club is sponsored by Mr. D. F. Holmes, the swimming coach, and by Mr. E. Ruzicka, the baseball and Frosh-Soph football coach.

## THE REPORT OF THE G. A. A.

During the year of 1929 the Girls' Athletic Association has had a larger membership than ever before in the history of the club. This success was due to the splendid co-operation of the club officers and its active members.

The G. A. A. has an entirely new system concerning the meetings of the club. The officers eliminated mass meetings, due to the fact that it was impossible to have all the members meet at the same time because of the large membership.

The group of officers is called the Board of Directors, which meets every two weeks to discuss the various activities of the club.

The most important activities, such as hikes, games, and socials, were announced in the daily bulletin and on the Athletic Bulletin Board so that the members would know of all the business discussed at the Board meetings. During the month of June, the G. A. A. sold tickets for the All Star Girls' Baseball Team against the Boy Champions. This game was a great success. The intra-mural games, which are baseball and volley ball, are refereed by a selected group of five girls.

One of the social events of the G. A. A. was a beach party, held June 28, 1929, at the Oak Street beach. During the fall semester we had two socials with large attendances. At each social a program was rendered and refreshments were served.

The following members have earned 1000 points for their letter: Evelyn Basken, Dolores Beillen, Bessie Borshevsky, Henrietta Citron, Marie Dostal, Viola, Elfgen, Sue Gold, Rose Gordon, Evelyn Jacobsen, Ethel Jaeger, Elsie Jeske, Rose Krien, Rose Kipnis, Julia Krbec, Anna Lashinsky, Anna Levin, Audrey Lundmark, Fannie Nathan, Gertrude Pelzman, Ethel Riceman, Beatrice Rubenstein, Frances Schrader, Esther Schwartz, and Ann Suchanek.

## THE CIVIC BANK

The Civic Bank was organized in December, 1925, with Miss Liska as its first sponsor. Upon her departure in 1928 to become principal of an elementary school, Mr. O. F. Hamilton was designated as the faculty director of the organization. Under his guidance the bank work has been expanded to include the handling of shop funds as well as the usual work pertaining to personal savings accounts, the original purpose for which the bank was founded.

This banking organization has established itself as a real factor in encouraging thrift among the students. It gives pupils actual contact with savings bank work, thereby promoting correct training of the individual student for his own and the community's benefit. It also serves the purpose of giving those students who carry on the work of the bank, specific training that stands them in good stead both in school and later when they are graduated into their life work.

### "IT PAYS TO ADVERTISE"

"Say, what kind of eggs do you eat—?" "Give me time, a few pages, and I'll sell you shares in Lake Michigan." Such expressions threw the audience into spasms of contagious laughter on the evenings of December 5 and 6, 1929, when the Senior Dramatics class presented the annual school play in the auditorium.

### THE HARRISON R. O. T. C. OFFICER CORPS

The R. O. T. C. officers are responsible for the drill of the units under their command. The past year proved a very successful one for the Harrison R. O. T. C. The unit won a place in every competition entered and was greatly praised by officials and army officers when it won fourth place at the annual inspection of the Sixth Corps Area, composed of Wisconsin, Michigan and Illinois. Two silver cups and one shield were awarded the unit for winning first place at the annual Select Company competition and second place for passing in Review.

### THE HARRISON R. O. T. C. OFFICERS' CLUB

The membership of this club is restricted to the officers, commissioned and non-commissioned, of the cadet battalion. The club is conducted under strict military regulations. Its activities include a study of military surveying and topography, musketry, combat principles, securities, and the entire infantry drill regulations. Hikes, maneuvers, and sham battles give the cadets the practical application of their studies. Cadet Capt. H. Wagner is president, Cadet Maj. J. Kmosena, vice-president, Cadet 1st Lieut. N. Stanich, recording secretary, Cadet 1st Lieut. L. Brauer, finance officer, Cadet Capt. A. Einstein, sergt. at arms, and Sergt. Slatton, the sponsor.

### COMPANY A

Co. A is composed of the advanced cadets and is under the able leadership of Cadet Capt. Wagner. This company consists of the 5-2 and the 7th period men and has shown a very decided advance in all tactics. It is one of the best companies Harrison has ever had. Most of these cadets were chosen to compete in the annual platoon and company competitions. Much credit is due to the platoon leaders, Cadets 1st. Lt. Levin and 2nd Lt. Zid.

### COMPANY B

This Company is chiefly composed of the new cadets that meet the 6-2 period daily. Cadet Capt. Szopinski is commander of the company and has made veterans of these "Rookies". In spite of being "Rookies", these cadets have been very active in all activities and have given the advanced cadets much competition. They furnished one of the two companies at the annual inspection.

### THE DEBATING TEAM

Last semester's debating team made a good showing, being runner up to McKinley for the West Section championship. Maurice Kaplan, captain, Irving Steinberg, and Sam Kaplan made up the affirmative team; David Berger, captain, Ralph Mansfield, and Herman De Koven took the negative side. This semester's team shows great promise of an interesting debating season. The members of the affirmative team are Sophie Miller, captain, Jennie Helman, and Ben Gould; Louis Smith, captain, Alfred Einstein, and Bernice Sunshine make up the negative team.

### THE ETHER TRAVELERS

This group under its new name, the Ether Travelers, has a very extensive and interesting program planned. Its members have all undertaken the construction of a short-wave receiver, from which they hope to derive many thrills as well as a fundamental basis for a more advanced study of the art. Some of the members have made television receivers and are conducting some very interesting experiments with them.

Philip Lewis is president and Mr. Carmichael, sponsor.

### THE G. B. O. C.

The Girls' Band, larger than for several years, has progressed very rapidly the past year. Many of its members are now members of the First Band.

The purpose of this organization is to get together girls who are interested in music. It has two divisions, one consisting of the girls well advanced in music and able to play an instrument, the other, of girls who play fifes.

### THE HARRISON TECHNICAL SOCIAL ORCHESTRA

Organized three years ago by Louis Copek at the urgent request of many clubs that wished to have dancing at their socials, the Social Orchestra makes socials and parties more enjoyable. Last semester the orchestra was under the direction of Joseph Zbornik and is at present under the baton of Edward Palasz. The orchestra has played at a number of senior dances, at band socials, and at the senior frolics.

### THE MACDOWELL ASSOCIATION

The MacDowell Association, sponsored by Miss Viola E. MacLean to promote greater interest in music, meets every fourth Thursday of the month, the first period, in room 262. The high spots in the programs for the first semester were Chief Chibiabos, who sang his own composition, "My Minnesota", with other Indian folk songs, and Charles Turner, who sang Negro spirituals. In the spring semester the Theremin and Victor combination radio and victrola were demonstrated by Mr. Abe Stein and Miss Margaret Streeter.

### THE CECILIAN CHOIR

The Cecilian Choir aims to discover and develop hidden talents in its members. Those gifted with any ability to perform are given a chance to face an audience in the bi-weekly rehearsals. The Cecilian Choir sings at the 2A graduation each semester. The musical numbers given at the January program were as follows: "Home to Our Mountains", "Lo! Now the Dawn is Breaking", "Believe Me", "The Florian Song", and "At Close of Day".

### THE SPANISH CLUB

The Spanish Club has this year had more members than ever before. It has met every second and fourth Wednesday in the Social Room, under the supervision of Miss Rundquist. During the year, we had special talks on Spain concerning its present day customs, given by Miss Krotter or our sponsor. We had a small book of Spanish songs printed, which we sang at some of our meetings. At a social near the end of the semester, we shall sing farewell songs for those leaving and welcome songs for incoming members. Lillian Ruzicka was president last semester, and Sylvia Victor, the spring semester.

### THE LIBRARY

One of the important departments of the Harrison High School is the library with its staff of five librarians and twenty-four student helpers. The student helpers, who very generously offer their service, make it possible for the librarians to find time to answer reference questions, find material which is wanted, and perform numerous other duties. The duties of the student helpers consist of collecting library admit slips and overdue notices, filing magazines, and charging and discharging books.

### PLAYERS 13

A new dramatic club for Juniors and Seniors, organized last semester by the cast of "Nerves", is called Players 13. It consists of thirteen boys and thirteen girls, all selected by tryouts. Thirteen honorary members were also selected.

The purpose of this organization is to study and produce plays for the betterment of the club members and for the edification of the student body; also, to create an interest in Dramatics at Harrison and in the community.

The success of "Nerves", given at assembly, inspired the members of this organization to prepare a one-act comedy, "The Knave of Hearts", for the St. Valentine assembly.

In order to raise money for the gorgeous costumes for this play, Players 13 sponsored a Valentine Heart and Dart dance in the big gym on February 7. The proceeds amounted to \$116.00.

### THE HARRISON DRAMATIC CLUB

The Harrison Dramatic Club, organized in 1922, has given many outside performances besides those in the school auditorium. The members meet from three to five times a week, devoting their time to choosing and interpreting plays. Now the members are mostly Freshmen and Sophomores. The most popular play is "A Night at an Inn", which has been given several times with huge success. "Why the Chimes Rang", "The Maker of Dreams", "Golden Doom", "Three Pills in a Bottle", "The Worsted Man", and "The Six Who Pass While the Lentils Boil", have been given in various neighborhoods of the city. Miss Boe is the sponsor.

JAMES J. SPAIN, Chief Engineer

## FOOTBALL

A new team had to be built around one regular lineman and two regular backfield men, who returned to form the nucleus of Coach Dougherty's 1929 football team. However, the team was by no means a failure; for a raw team, the work was highly creditable. Out of the twelve games played, the Hornets won four, tied one, and lost seven, finishing the season with third place honors in the west section.

Coach Edward Ruzicka has developed one of the best Frosh-Soph football teams that Harrison has ever produced. From a poor beginning they gradually improved until, at the end of the season, they were rated as one of the best teams in the city.

## SOCCKER

According to Coach James C. MacGowan, this year's soccer aggregation was one of the best ever produced at Harrison. The team played thirteen games and scored 77 points to its opponents' 4. During this season only one substitution was made. John Bernasek was injured in a game with Hyde Park and Robert Klicka took his place. This year Harrison met Crane in the final game, and defeated the Craneites, 4-0, to annex its second consecutive soccer championship.

## THE TENNIS TEAM

This year's team hopes to surpass last year's record in tennis. For the last two years Harrison has won the sectional championship but was always defeated in the competition for the city championship. Sydney Cohen captains this year's team, and the coaching duties have been resumed by Mr. Sazama.

## TRACK

The track teams suffered this season from a lack of experienced material. The Seniors entered a triangular meet at Lake View, a quadrangular meet at Bartlett Gymnasium, and sent a four man relay team to the University of Illinois Relays. With the reinforcement of many old time tracksters the prospects for a successful season seem very bright.

The Juniors participated in a triangular meet at Lake View, a quadrangular meet at Bartlett Gymnasium, and eight dual meets. Many Juniors have tried out for the outdoor season, and Coach Krupar looks forward to a promising season.

## THE SWIMMING TEAMS

The Senior team has had a successful season this year. It participated in eleven dual meets and won a fair percentage of them. The team also entered several inter-scholastics. Alex Topchevsky was chosen to captain the team for the fall term and Edward Holpuch for the spring term.

The Juniors did not do so well as usual but hope to come back stronger next year. Coach Holmes has some promising swimmers returning for next year's team, and he expects to produce a championship contender.

## BASKETBALL

Harrison's heavyweight basketball team was the best in years. It won 29 games of 37 played. Harrison won the Illinois Valley invitational tournament at Morris, Ill., the district tourney at LaGrange, and won one game in the sectional at Joliet. Harrison won the west section title, then defeated Englewood in the semi-finals only to lose to Wendell Phillips, the 1930 city champion.

Harrison's lightweight basketball team won twenty games of the twenty nine played this season. The team finished second in the west section, Marshall defeating us twice, each time by two points. We won ten games in the section; then, to gain revenge, Harrison upset Marshall in the semi-finals, although losing 33 to 31 to Phillips and also to Englewood. Harrison scored 651 points to opponents' 496.

## BASEBALL

The first practice games were played after a little fielding practice and no batting practice; nevertheless the team showed up very well. Only one regular, Capt. Strugala, returned from last year's squad, but the new material looks promising, and Coach Ruzicka has high hopes of entering the semi-finals.

## THE BASKETBALL TOURNAMENT

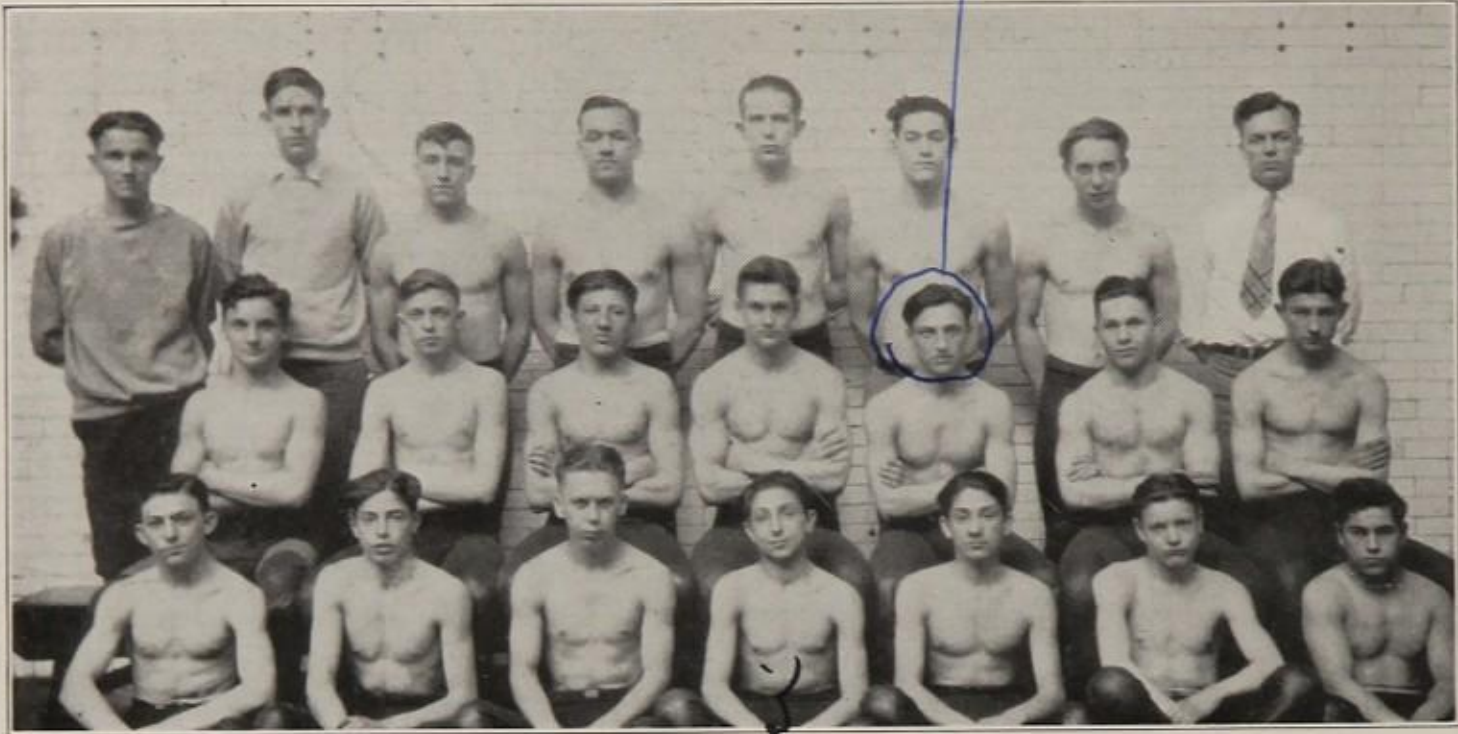

For the second successive year Harrison won the district championship at LaGrange. This added another trophy to our collection as did the Morris invitational meet. Coach Smith chose three lightweights and seven heavies to make the trip. The scores: Harrison, 41, 33, 27, 28; Proviso, 21, Marshall, 29, Bensonville, 17, Morton, 24.

### WRESTLING, 1930

With only a few of last year's squad returning, the prospects were not very bright for Coach James C. MacGowan's 1930 wrestling team. However, the new material did exceptionally well; out of 9 dual meets the team won 7 and lost 2. The team did not show up so well at the Northwestern University national meet, but made a better showing in the county meet. Vollen and Teplitsky were consistent point gainers.

### CHEERLEADERS

In this group we have our school "yell leaders", every one of them forever inciting school spirit. Captain Friedman, who has been on the team for three years, is leaving us through graduation. Under the guidance of Mr. Strawe, the boys have originated a number of new yells, to the delight of the student body. Two girls also helped to put over the "We Will Win" spirit.

### THE ATHLETIC ASSOCIATION SALESMEN

This is quite an important group of Harrison Tech's Athletic Department. It furnishes you with your admissions and the Athletic Association, with its money to carry on. The high season ticket salesmen for football and basketball were Dvorak, 119, and Kipnis, 221, respectively. On tag days the girls who ranked highest were Anna Vrablic, 125, for baseball, Betty Brusig, 219, for soccer, and Emily Gruszczyński, 123, for the benefit sale.

### INTRA-MURAL WRESTLING, 1930

This year Mr. MacGowan introduced wrestling as an intra-mural sport and was rewarded with instantaneous success. There were 85 individual entries and 140 contests. The individual champions in their respective weights were as follows: 100 lbs., Vicari, 209, 108 lbs., Kaufman, 209, 116 lbs., Jun, 448, 125 lbs., Medina, WSB, 135 lbs., Sarmont, 125, 145 lbs., Horvath, FDY, 155 lbs., Pilney, 252, 165 lbs., Vollen, 451, 175 lbs., Phillips, 254, Heavies, Kopeczak, 257.

### THE VOLLEY BALL "CHAMPS"

This year the girls named their volley ball teams after the rivers of the world. There were four sections, the Senior, Junior, Sophomore, and Freshman. The winning team of each section played that of another section. The final volley ball game was played January 20, 1930, between the Junior "Champs", the Rhine, and the Senior "Champs", the Congo. At the end of the first half the Congo was trailing with 15 to 12, but with Gertrude Fortier's and Evelyn Jacobsen's stellar playing, the Seniors conquered the Juniors, 37-30.

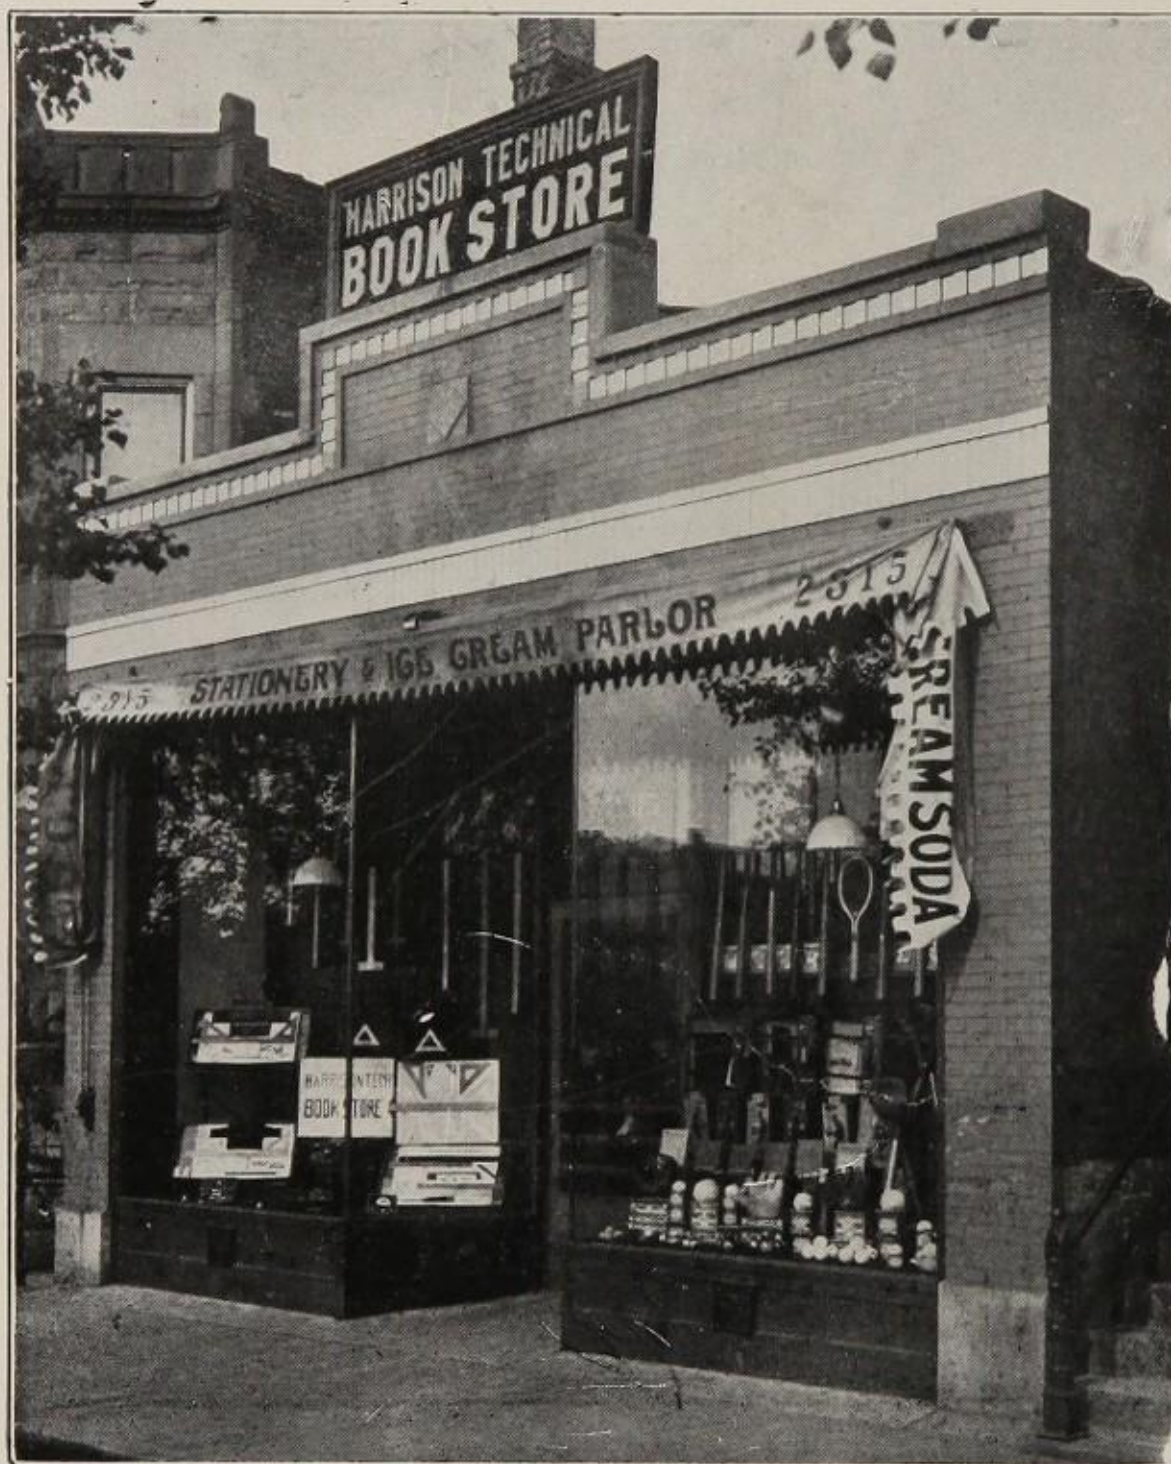

### THE GIRLS' RED CROSS LIFE-SAVING CORPS

The Red Cross Life-Saving Course at Harrison, a branch of the American Red Cross Life-Saving Service under the supervision of Miss Lagorio, is open to all girls of ordinary swimming ability.

This year there are twenty girls in the Life-Saving class, fifteen in the Junior class and five in the Senior class. Practically all are expected to pass the test this year.

## Prospective Dental Students

Loyola University College of Arts and Sciences offers a pre-dental year of especial interest to prospective dental students. The work is given, part in the downtown college, 28 North Franklin Street, and part in the dental department, the Chicago College of Dental Surgery.

In addition to the required subjects the course offers work of a dental nature which will enable the student to enter the four-year dental course with thirty-two semester hours of college credit.

The next session will open October 7, 1930.

## Our Advertising

Volunteer salesmen from the Salesmanship classes brought in most of our advertising contracts this year. Richard Chval was highest in sales, bringing in \$114. Jennie Milstein, who was highest last year, came in second with \$90. Esther Carlson sold \$54, George Wagner \$46, Hy Adler \$36, Beatrice Rubenstein \$28.50, Gertrude Pelzman \$23.50, Anna Vrablie \$20. Besides these Harris, Vesely, Friedman, Holpuch, Bund, Clamor, Fryer, Povsher, and Silver brought in one or more ads apiece.

## Tell Our Advertisers

Each and every one of them will be distinctly pleased if you will just say to them that you saw and appreciated their advertisement in the Harri-sonian. You would have to pay more for this book or have an Annual that you would be ashamed of if the merchants and bankers of our district did not help us out as they have.

## More than a store —An Institution

In less than a year since the erection of the new 26th Street Store it has taken rank as the leading merchandising organization of the Southwest side. Size alone does not account for this, large as it is. Volume of business does not wholly explain it, gratifying as it has proven.

Above and beyond both is that spirit of direct personal responsibility which has always characterized Leader Stores. In a day of corporate mergers and impersonal ownership, it stands out as the one department store chain in Chicago in which the owners are directly concerned and in daily contact with those responsible for the stores' success—the public.
